Jan 12–22, Picasso At The Lalpin Agile

Suze's Prescott Center For The Arts, Prescott

An absurdist comedy that places Albert Einstein and Pablo Picasso in a Parisian Cafe in 1904, just before the renowned scientist transformed physics with his theory of relativity and the celebrated painter set the art world afire with cubism. In his first comedy for the stage, the popular actor and screenwriter Steve Martin plays fast and loose with fact, fame, and fortune as these two geniuses muse on the century's achievements and prospects, as well as other fanciful topics, with infectious dizziness. Bystanders, including Picasso's agent, the bartender and his mistress, Picasso's date, an elderly philosopher, Charles Dabernow Schmendiman, and an idiot inventor introduce additional flourishes of humor. The final surprise patron to join the merriment at the Lapin Agile is a charismatic dark-haired singer, time-warped in from a later era. More info at prescott.org
